**Water:**

- 4 Water wells on the property. 2 windmill pumps (being converted to solar) that feed two small watering holes for the animals. 2 electric pumps, 1 feeds the two stock ponds and one feeds the improvements.
- 2 Stock Ponds, one approximately 0.65+/- acres and one approximately 1.1+/- acres. The smaller of the two ponds has been dug out to approximately 8-10 feet deep and makes for a great swimming hole in the summer months. There is a 30 foot pier that extends out in to the lake for diving off of as well as for fishing. Both ponds are stocked with bass, blue gill and carp. Year round well fed which maintains a constant water level.
- 1 wet weather creek (Paint Creek) runs through the property. Though the creek rarely runs. Breakaway fences are installed at the perimeter fencing for the rare instances the creek does run.

**Wildlife:**

- The property has been game managed since it was purchased in 1997. The ranch contains White Tail Deer, Axis Deer, Fallow Deer, Black Buck Antelope, Aoudad (Barbary Sheep) and a small herd of Sika Deer. The deer have been year round protein fed since 1998.
- 4 5,000 lb gravity fed bulk protein feeders.
- All breeder stock White Tail deer that have been introduced on the property are certified Tier 1 animals and clear of state required testing. The property regularly produces White Tail Deer scoring between 200 and 300 points. The property does not contain any deer pens and all animals are free roaming.
- Turkey can be found on the property seasonally and provide for adequate hunting opportunities during their respective hunting season.
- Dove also migrate through the property and provide minimal hunting opportunities throughout their respective season as well.
